Offer: 2013_0988 REV1

Subject: Technical assistance at your location

We hereby enclose our offer for technical intervention carried out by two technicians at your company on the cutting line.

The surgery will be performed on date to be confirmed in the second half of January 2014, and will presumably last 3/4 days.

For the implementation of the intervention, we need the following:

- Complete wiring diagram of the cutting line (to be sent to our company prior to the surgery itself)
- Material Control Techniques (you already own)
- Encoder machine parts (the old is not in optimal conditions and therefore may not work)
- Siemens PLC software
- Telephone line near at machine for communications to Italy
- Tools and miscellaneous materials (drill, hand tools, cable, etc.)
- Your technicians to start the machine under test and production

EXCLUSIONS

- Anything not mentioned in the context of supply
- Airline tickets
- Transport from Tunis to Sfax, and return
- Hotel and restaurant
- Any faults on the machine can not be attributed to the material Control Techniques

COSTS

The economic quotation is as follows:

Total € 6.600,00
