

PROFESSIONAL MAINTENANCE

This document is the guide to the following files:

- 02_Preventive Maintenance sheet
- 03_Disassembly Maintenance sheet
- 04_Maintenance activities summary
- 05_Spare part List
- 06_Maintenance Cost per Component
- 07_Machine Ledger

To fill the Professional Maintenance documentation refer to PT_TS_MR_Maintenance_Manual specification available in the FCA supplier web site. May be some differences are present, but they are self-explicative. Practical examples have been included in order to help the machine supplier.
