Subject: Guidance to U.S. Exporters Regarding Name Changes of Avio S.p.A. (Italy)

Dear Valued Customer/Partner:

GE Avio S.r.l. has recently undergone a name change as a result of GE's recent acquisition. This memo is intended to facilitate the continuation of licensed US exports with GE Avio. Please note that although these instructions focus primarily on U.S. export license requirements involving the U.S. Department of State's Directorate of Defense Trade Controls, appropriate steps must be taken for all licensed trade involving other regulatory bodies, e.g. UK DBERR, German BAFA, Canadian CGP, Australian DECO, etc.

Avio S.p.A. contributed its non-space business assets to a newly formed corporation, GE Avio S.r.l. On August 1, 2013, General Electric Co. using an Italian based subsidiary acquired GE Avio S.r.l. via a 100% stock sale. As a result, the following name change must be reflected on all former Avio S.p.A. aerospace DSP licenses and agreements held by US Parties to Department of State licenses in accordance with the DDTC Webnotice (Attachment A).

Name From	Change Name To	Street Address	City, State and Postal Code	Country
Avio S.p.A.	GE Avio S.r.l.	Via I Maggio n. 99	10040 Rivalta Di Torino Turin	Italy

Included in this package is an example of an unsigned minor amendment (Attachment B). To facilitate the minor amendment process, GE has identified a single point of contact to coordinate Avio S.p.A. and GE Avio S.r.l. signatures for US Exporters. U.S. Exporters should E-mail a .pdf version of the minor amendment (**signed by the U.S. exporter**) to Antonio Cicero at antonio.cicero@avioaero.com. Antonio will then obtain appropriate signatures from both Avio S.p.A. (Enrico Picco) and GE Avio S.r.l. (Matteo Traditi) and return the signed minor amendment to the U.S. exporter via E-mail. This name change only affects the above entity. All other Avio entities are not affected by this name change. To ensure the amendment is properly tracked, the subject line should read "Name Change Minor Amendment for

<<Insert Agreement Number>>" U.S. exporters also must provide the following information in their e-mail package:

- a. Agreement Number
- b. Program Name
- c. Product Name
- d. U.S. Exporter PoC
- e. U.S. Exporter E-mail Address
- f. Completed Minor Amendment (**signed by the U.S. exporter**)

For questions concerning this request, please contact Antonio Cicero at Antonio.Cicero@AvioAero.com, Tory Tibor at Tory.Tibor@ge.com or Denise Williams at Denise.Williams3@ge.com.

Sincerely,

Tory Tibor

General Electric Company (“GE”) acquires AVIO S.p.A.

Effective immediately, Avio S.p.A. will change as follows: General Electric (“GE”) has acquired Avio S.p.A., Italy including its US subsidiary Avio Inc. and as a result of the acquisition Avio S.p.A.’s name has changed to GE Avio S.r.l. Due to the volume of authorizations requiring amendments to reflect this change, the Deputy Assistance Secretary of Defense Trade Controls is exercising the authority under 22 CFR 126.3 to waive the requirement for amendments to change currently approved authorizations.

All currently approved DSP authorizations identifying AVIO S.p.A. will not require an amendment to reflect the change to GE Avio S.r.l. A copy of this website notice must be attached to the currently approved license by the license holder.

Pending authorizations received by DDTC identifying AVIO S.p.A. as a party to the license will be adjudicated without prejudice. A copy of this website notice must be attached to the approved license by the license holder.

New license applications received after September 30, 2013, identifying AVIO S.p.A. as a party to the license will be considered for return without action for correction.

A copy of this website notice must be maintained by the license holder and presented with the relevant license to Customs at time of shipment.

All currently approved agreements will require an amendment to be executed to reflect this name change. The agreement holder will be responsible for amending their agreement. The executed amendment will be treated as a minor amendment per 22 CFR 124.1(d) and must be submitted as such. New DSP-83s must be executed as a result of the name change, as applicable.

Pending agreement applications that require amending must be brought to the attention of the assigned Agreements Officer by the agreement holder. The necessary changes will be made prior to issuance when the Agreements Officer has been notified.
