Dear Supplier,

The last deadline regarding the registration of phase-in substances under REACH (May 31, 2018) is coming closer. Therefore, Henkel together with its affiliates in the European Union already started the preparation. We are convinced that you as our supplier are running the same exercise to ensure future compliance and supply.

The continuity in supply of ingredients manufactured or imported in quantities between 1 and 100 tons / year / legal entity are important for us as we as a downstream user have to ensure the ability to supply our markets after May 31, 2018. Therefore, an early communication along the supply chain on this issue is key to ensure continuity.

Registrations can take more time than possibly expected, so please make sure that your respective substances are registered in time.

In case any of the substances which you supply to Henkel are not or not yet clarified if in scope for registrations, please inform us in writing -as soon as possible, however no later than by September 30, 2016, by email to: beatrix.kottwitz@henkel.com.

Sincerely,

Henkel AG & Co. KGaA
