PAGAMENTO ANTECIPADO

It is the responsibility of the supplier to ensure
that the Part Number and the Drawing Revision code
printed on this order corresponds with the
existing production drawings.

Our part number must appear on all documents
including invoice, packing list and item
packaging.

Our PO number must appear on all documents
including invoice, packing list, item packaging
and bill of lading.

If the above-required of this Purchase Order are
not met, we will not process or pay your invoice.

Att. Technical requirements: refer to the drawing
and Technical specification.

The Supplier is required to implement all final
and/or frequency controls aimed to guarantee the
stable compliance of Its supplies with the
drawings and the supply technical specifications.
Titan/ITM Quality Control is allowed to verify at
the Supplier facility the relevant quality control
grids, as well as to obtain access to documents
necessary for batch tracking. Titan/ITM Quality
Control is allowed to collaborate with the
Supplier in the definition of the quality control
grids of the most critical items.
