Land Transport

Always on the road for you

Land Transport

Our services

DB SCHENKER *parcel*

Scheduled transports for parcels across Europe (max 30 Kgs). Available with the express option.

DB SCHENKER *system*

The highly developed standard product for a continuous connection to your buying and selling markets in Europe. With short standard lead times and shipment tracking for precise control of goods flow. Available with the premium option.

Parcel – Groupage (LTL)

Land Transport

Our services

DB SCHENKER *road direct*

Fast door-to-door connections without cargo handling in DB Schenker terminals for your part load & full load shipments.

DB SCHENKER *intermodal*

Multimodal Solutions for combined transportation, coupling the benefits of full cargo load road and rail transports. Our intermodal transport service guarantees high quality standards, together with the utmost flexibility.

DB SCHENKER *rail*

Multimodal Solutions for international rail-based transports combined with additional logistics services. From 2019, we provide a new service from Xi'an to Verona.

Part & Full Loads (FTL) –
Multimodal & Dedicated Solutions

Land Transport Special Services

Food & Beverage
Distribution throughout Europe by truck at
controlled temperature. Storage in warehouses
equipped with refrigerated rooms.

Furniture
Distribution everywhere in Europe by vans
especially equipped with shock protection.

Air Freight

The sky has no limit

Air Freight

Our services

DB SCHENKER *jet cargo*

Four time-definite airfreight solutions, no size or weight restrictions, supported by on-line tracking service end-to-end. Transports handled by first class carriers.

DB SCHENKER *charter*

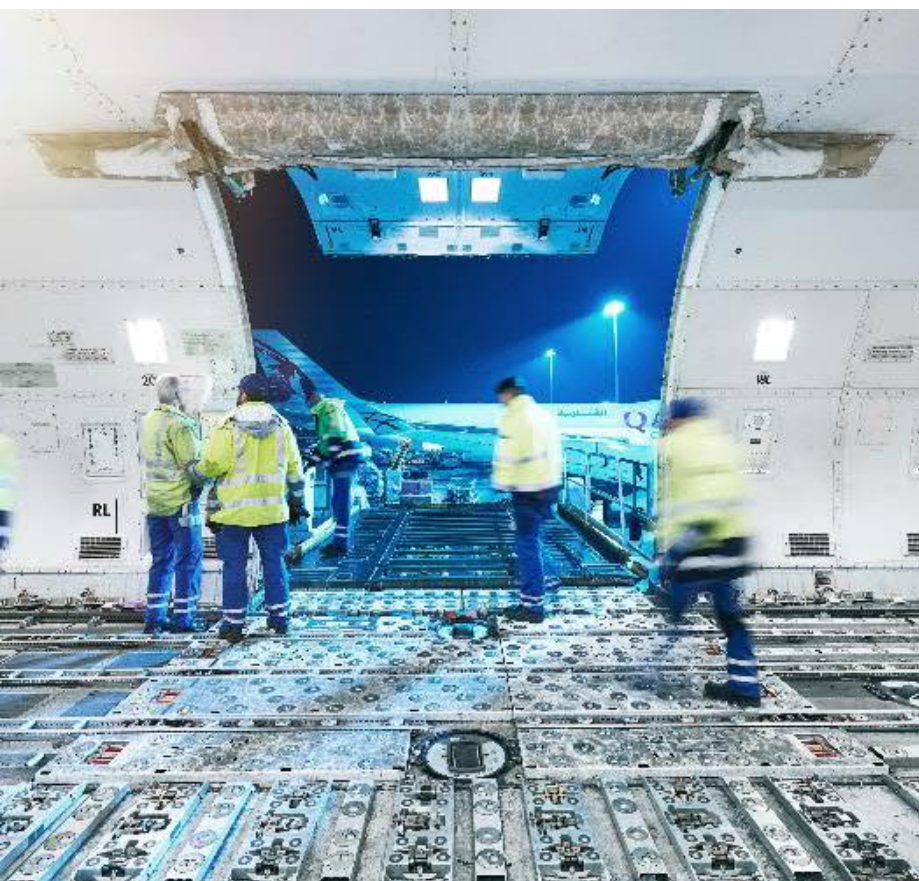

Central Procurement team in Frankfurt, Hong Kong and New York to develop tailor-made charter solutions. Round the clock availability, 7/7, year round.

Groupage & Direct

Air Freight

Our services

DB SCHENKER *aeroparts*

Developed to meet the requirements of aerospace industry, aircraft operators, engine and jet manufacturers, manufacturers of spare parts, repair and maintenance companies as well as stockists.

DB SCHENKER *marineparts*

Special logistics service for the worldwide supply of vessels with spares – with added value such as order processing, procurement, inventory control and project management.

DB SCHENKER *skybridge*

The solution combining the advantages of air and ocean freight; you tell us the starting point and destination, we'll find the best route. With this option, you will save CO2 emissions and improve your carbon footprint.

Dedicated Solutions

Ocean Freight

At home on the seven seas

Ocean Freight

Our services

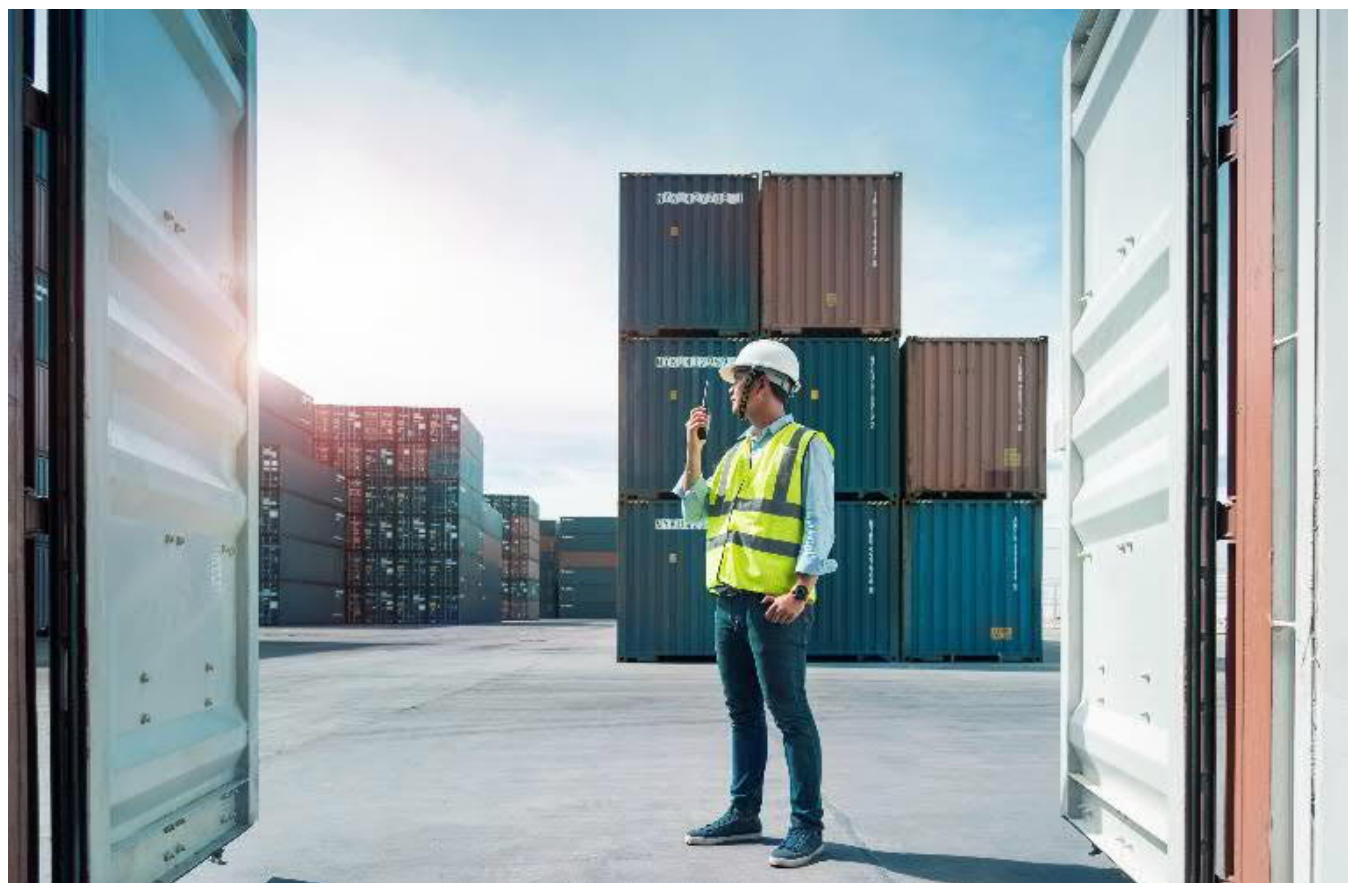

DB SCHENKER *complete*

The solution for your full container requirements (FCL), time and cost saving. Door-to-door ocean movement through a single source.

DB SCHENKER *combine*

The service for individual shipments (LCL) consolidated in one container by using our global LCL network. Frequent and scheduled services to all key ports.

Full Load (FCL) &
Less Container Load (LCL)

Ocean Freight

Our services

DB SCHENKER *projects*

Our experts will assist and provide professional logistics solutions tailor made for the requirements of global projects, refineries, power plants or oil rigs.

DB SCHENKER *marineparts*

Special logistics service for the worldwide supply of vessels with spares – with added value such as order processing, procurement, inventory control and project management.

DB SCHENKER *skybridge*

The solution combining the advantages of air and ocean freight; you tell us the starting point and destination, we'll find the best route. With this option, you will save CO2 emissions and improve your carbon footprint.

Dedicated Solutions

Contract Logistics

Contract Logistics

Warehouses

60.000 sqm over 5 warehouses:

- Verticalized WMS on different markets and interfaced with major ERPs
- Current innovations: PROGLOVE, AUTOSTORE, CARRY PICK, BOX ON DEMAND
- Sustainable facilities

Dedicated Solutions

Global Projects & Industrial Solutions

Global Projects & Industrial Solutions

As global industries become more and more complex, industrial projects demand logistic experts with global experience.

DB Schenker Global Projects has that expertise. As pioneers of the future, we're continuously developing innovative solutions in the field of global logistics.

With strategic bases worldwide, DB Schenker Global Projects provides the full range of freight management logistics.

Whether you require fast deliveries or complex project movements, we manage every detail to get your cargo to the right place, at the right time.

Fairs/Events & Special Logistics

Logistics for fairs

Fairs / Events and Special Logistics

The DB Schenker brand has always been synonymous with warranty as one of the leading integrated logistics service providers. Our widespread presence in the 5 continents makes a worldwide exchange possible, managing individual and specific needs of each customer through dedicated services.

Our department is able to meet your needs in managing trade fairs, meetings, exhibitions, sport events, conferences and removals.

Our experience allows us to provide the most appropriate solutions in these special transports: we are able to organize transports and to provide customs assistance at best, we are present in numerous events as official freight forwarders or with delegations of specialized personnel around the world.
